

Busiest Month by Appointments

May 2026 is the **busiest month**, with **2,136 total appointments** — the highest of any month on record, edging out July 2026 (2,123) and August 2026 (2,119). [Query Result](#)

Notably, May 2026 also happened to be the least profitable month by margin (55.75%), suggesting that higher volume came with elevated direct costs — a pattern worth monitoring as the network scales.
